OHIO OFFICE OF CRIMINAL JUSTICE SERVICES
Byrne Memorial Grant Program

Area A: Law Enforcement Task Forces
Semi-Annual Performance Report

Federal Code requires that all Byrne funded projects report project information. This reporting form is designed to meet federal expectations and provide useful information to Task Forces and to OCJS. Failure to submit completed performance reports will jeopardize future funding.

This form has been revised. There are still two sections. However, the first section covers non-pharmaceutical drugs and non-drug cases and the second section covers all pharmaceutical drug cases.

Questions 1 through 9 cover **non-pharmaceutical** drugs and **non-drug** cases.

- Questions 1 through 3 cover all Task Force arrests.
- Questions 4 and 5 cover drug violation arrests
- Questions 6 through 8 cover non-drug arrests
- Question 9 is a narrative question covering all Task Force activities

Questions 10 through 19 cover **pharmaceutical** drugs. PLEASE REPORT ALL PRESCRIPTION DRUG CASES UNDER THE PHARMACEUTICAL DRUGS SECTION.

9. Highlight any especially successful Task Force activities or programs during the reporting period. Discuss how these activities or programs might serve as a model for "promising approaches" for other Task Forces in Ohio. Attach additional pages if necessary.

The Summit County Drug Unit continues to provide drug and Methamphetamine awareness and updates to first responders, safety personnel and citizens. Increased awareness throughout the county has provided for increased communication between the unit and the counties population, resulting in information and intelligence. Because of this intelligence and information Summit County continues to lead the State of Ohio in the identification and seizure of illicit methamphetamine sites.

PHARMACEUTICAL DIVERSION QUESTIONS

10. Describe how the Task Force addresses pharmaceutical diversion (special units, dedicated officers, an aspect of all officers' work, etc.).

Pharmaceutical Diversion cases handled as they arise. Cases are brought to the unit by the Ohio Pharmacy Board, and by referrals and complaints. One officer normally handles these cases (as well as all property).

11. Estimate the number of Full Time Equivalent staff spent on pharmaceutical diversion during the reporting period.

0

12. Indicate the number of new cases initiated during the reporting period.

15

13. Indicate the number of health professionals involved in pharmaceutical diversion:
